2A. Project Detail

1. **CoC Number and Name:** MI-510 - Saginaw City & County CoC
2. **Collaborative Applicant Name:** United Way of Saginaw County

3. **Project Name:** MI-510 CoC Planning Application FY2022

4. **Component Type:** CoC Planning Project Application

2B. Project Description

1. Provide a description that addresses the entire scope of the proposed project and how the Collaborative Applicant will use grant funds to comply with 24 CFR 578.7:

The United Way of Saginaw County (UWSC) is the Collaborative Applicant and CoC/HMIS Lead Agency for the MI-510 Saginaw City/County CoC. UWSC employs staff to carry out the provisions in 24 CFR 578.7 and the CoC Planning Project (CPP) would allow UWSC to strengthen the way it fulfills these rolls for the CoC in the following ways:

Coordination Activities/Developing a CoC System: The CPP will support a .9 FTE CoC Coordinator staff position. This position will be responsible for setting meeting schedules, creating agendas, disseminating documents, and recording minutes for the CoC's Board, Membership, and Committee meetings; new member recruitment and training; maintaining/updating/developing the CoC's records, By-laws and Policies, Strategic Plan, and Memorandums of Understanding and other agreements; seeking funding for CoC activities; and maintaining/developing the CoC's website and social media presence.

Project Evaluation: The CPP will also be used to improve the CoC's project evaluation procedures and outcome measurements to ensure that CoC/ESG funded projects are achieving HUD and CoC outcomes. The staff above will be responsible for reviewing current measurements as they relate to HUD's priorities and making recommendations to the CQI Committee and Grants, Planning, and Housing Committee for approval. Outcome measurements appropriate for each project types and population served will be developed. The result of these efforts ensure appropriate data-driven decisions are made on the CoC and ESG project inventory and whether the reallocation to better align with community needs and HUD priorities needs to take place.

CoC Application/HUD Compliance Activities: The CPP will support CoC staff mentioned above in the preparation and submission of the CoC Application to HUD on behalf of the CoC membership. CoC staff will implement outcome measurement evaluation that is developed and refined through Project Evaluation activities listed above to score and rank submitted projects for the CoC Application. CoC staff will also coordinate the collaborative process of writing the CoC Application with members of the Grant, Planning, and Housing committee. Other activities related to the submission, such as public notices for the open competition, posting of application documents on the CoC's website, and posting of competition scoring and ranking by CoC staff will be supported by the project as well. The Project will also be used to strengthen the accuracy and comprehensiveness of the CoC's unsheltered PIT count through the refining of count procedures and activities/materials to promote and implement the count in our community.

Most importantly, the CPP will support capacity building in the CoC by sending staff and committee chairs to HUD-approved national and state conferences/training.

2. Describe the estimated schedule for the proposed activities, the management plan, and the method for assuring effective and timely completion of all work.

The CoC Coordinator is currently employed by the CoC/HMIS Lead Agency. Upon execution of the CoC Planning Project (CPP) grant, the cost for time incurred on CPP activities will be drawn and used for salary and benefits for this position. This position receives an annual performance evaluation from the UWSC per CoC Policy.

The CoC conducts annual sheltered and unsheltered PIT counts during the last 10 days of January per HUD regulations. Planning for the PIT begins in the fall each year and occurs monthly until the completion of the count. CoC staff analyzes, cleans, and de-duplicates the data between the date of the count and HUD's submission deadline.

All activities will be completed and costs incurred within the grant year. The CoC Board will develop a timeline for completion of specific activities and require the CoC Lead Agency to report the status of each activity at Board meetings. The CoC Lead Agency receives a biennial performance review from CoC membership per CoC policy. CoC Policy is that staff/Board members who attend conferences/training using HUD funds provide a report on sessions attended at the next Board meeting.

3. How will the requested funds improve or maintain the CoC's ability to evaluate the outcome of CoC and ESG projects?

Staff from the City of Saginaw, a HUD ESG recipient, sits on the CoC's Board and receives CQI Committee reports at each Board meeting on the performance of all HUD CoC and ESG funded projects in the CoC. Staff from the CoC provides data on funded ESG projects and on the state of homelessness in Saginaw County to the City of Saginaw's Human Planning Body prior to their review of ESG grant applications to assist them in making better decisions in their awarding of ESG funds. Staff from the Michigan State Housing Development Authority (MSHDA), a HUD ESG recipient, attends quarterly CoC membership meetings. The CoC provides outcome data to MSHDA for their Pay for Performance bonus dollar program (while on hold this year we expect it to return). MSHDA allows CoCs to determine, with a few restrictions, how best to allocate their ESG allocation. The CoC uses the same scoring procedures and outcomes for ESG funded programs as it does CoC funded programs. HUD CoC HMIS staff also assists subrecipients of both City of Saginaw and MSHDA ESG funds in the submission of their CAPER to HUD.

The CoC Planning Project will improve the ability to evaluate CoC and ESG projects through the refinement of current outcome measurements used by the CoC, the development of new outcomes that meet HUD's priorities, and the development of outcomes for specific project types and housing populations. The consistency of CoC and ESG project evaluation (monthly) will be maintained by supporting staff to carry out evaluating the projects using the refined measurements developed above. The relationships and outcome data sharing with the City of Saginaw and MSHDA will be maintained. The project evaluation activities will assist both the City of Saginaw and CoC in making better decisions on how to award ESG allocations. The CoC will be able to better identify low performing projects that may be better suited for reallocation to a different project type that better meets the CoC's needs. The CQI and Grants, Planning, and Housing committees are tasked with project evaluation for the CoC. The CoC Planning Project will give these committees better tools and increased staffing capacity to carry out the evaluation of CoC and ESG projects.
