

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD.gov at https://www.hud.gov/program_offices/comm_planning/coc.
- Questions regarding the FY 2026 CoC Program Competition process must be submitted to CoCNOFO@hud.gov.
- Questions related to e-snaps functionality (e.g., password lockout, access to user's application account, updating Applicant Profile) must be submitted to e-snaps@hud.gov.
- Project applicants are required to have a Unique Entity Identifier (UEI) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2026 Continuum of Care (CoC) Program Competition. For more information see FY 2026 CoC Program Competition NOFO.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2026 CoC Program NOFO and the FY 2026 General Section NOFO.
- Detailed instructions and e-snaps navigation guides can be found on the hud.gov website https://www.hud.gov/program_offices/comm_planning/coc/competition. The Detailed Instructions contain more comprehensive instructions and so should be used in tandem with the navigational guides.
- New projects may only be submitted as either Reallocated, Bonus Projects, Reallocated + Bonus, DV Bonus or DV Reallocation. These funding methods are determined in collaboration with local CoC and it is critical that applicants indicate the correct funding method. Project applicants must communicate with their CoC to make sure that the CoC submissions reflect the same funding method. Please review the NOFO for eligibility standards.
- YHDP projects that are eligible for renewal under the CoC program may only use the YHDP Renewal or YHDP Replacement and Reallocation funding opportunities. Please review the NOFO for eligibility standards.
- Before completing the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps, particularly the Authorized Representative and Alternate Representative forms as HUD uses this information to contact you if additional information is required (e.g., allowable technical deficiency).
- HUD reserves the right to reduce or reject any new project that fails to adhere to 24 CFR part 578 and application requirements set forth in FY 2026 CoC Program Competition NOFO.

2B. Experience of Applicant, Subrecipient(s), and Other Partners

1. Describe your organization's (and subrecipient(s) if applicable) experience in effectively utilizing Federal funds and performing the activities proposed in the application.

Restoration Community Outreach has extensive experience administering federal housing and homelessness assistance programs, including Continuum of Care, Emergency Solutions Grant, and Department of Veterans Affairs-funded services. RCO currently operates permanent supportive housing, emergency shelter, veterans housing, and housing stabilization programs for individuals experiencing homelessness. The organization has experience with participant eligibility, coordinated referrals, housing placement, case management, supportive services, documentation, reimbursement requests, performance reporting, and compliance monitoring. RCO also participates in the Continuum of Care's By-Name List process to coordinate referrals and improve program utilization. This experience directly supports the proposed H2H transitional housing project, which will combine structured housing, case management, employment support, financial education, recovery support, and individualized housing planning.

2. Describe your organization's (and subrecipient(s) if applicable) experience in leveraging Federal, State, local and private sector funds.

RCO has experience combining multiple funding sources to support housing and services for individuals experiencing homelessness. These resources include HUD Continuum of Care and ESG funding, Department of Veterans Affairs contract revenue, private donations, fundraising proceeds, community partnerships, and unrestricted organizational funds. RCO also works with local service providers, landlords, behavioral health organizations, transportation providers, and community partners to expand the services available to participants beyond those paid directly by the grant. This approach allows RCO to provide housing assistance, meals, transportation, case management, employment support, life-skills programming, behavioral health referrals, and other stabilization services while maximizing the impact of federal funding.

3. Describe your organization's (and subrecipient(s) if applicable) financial management structure.

CO maintains a financial management structure designed to provide oversight, documentation, and segregation of duties to the extent practicable. Staff members requesting purchases or payments submit written requests and supporting documentation. The Executive Director reviews and approves allowable expenses, and the accountant processes checks, maintains accounting records, and assists with financial reporting. The Executive Director, accountant, and treasurer have authorized access to online banking. Bank activity is reviewed against receipts, invoices, bills, and approved requests, and expenditures are tracked to prevent duplicate payment or reimbursement. Grant expenditures are assigned to the appropriate funding source, and reimbursement requests are prepared from approved supporting documentation. Financial reports are reviewed by leadership and presented to the Board of Directors for oversight.

4. Are there any unresolved HUD monitoring or No

Restoration Community Outreach's Homeless to Homeowner Transitional Housing Program will provide structured transitional housing and supportive services to adult men experiencing homelessness who are working toward long-term stability and permanent housing. The project will operate at RCO's existing facility and will combine safe housing with individualized case management, employment and workforce development, financial literacy, life-skills education, behavioral health and substance-use recovery support, transportation assistance, benefits coordination, and permanent housing planning.

Participants will complete an individualized stability plan addressing income, employment, health, recovery, financial management, and housing barriers. Program staff will regularly evaluate participant progress, connect participants to community resources, and assist them in identifying and securing appropriate permanent housing. Referrals will be coordinated through the Saginaw City and County Continuum of Care's Coordinated Entry process. The program's goal is to help participants increase income, strengthen self-sufficiency, address barriers contributing to homelessness, and successfully transition from temporary housing into stable permanent housing.

4A. Supportive Services for Participants

1a. What prior experience does the applicant have operating transitional housing or other projects that have successfully helped homeless individuals and families exit homelessness within 24 months or has a plan in place to ensure homeless individuals and families will exit homelessness within 24 months?

Restoration Community Outreach has extensive experience operating housing and homelessness programs that help individuals move from homelessness toward permanent housing and greater self-sufficiency. RCO currently operates emergency shelter, permanent supportive housing, veterans housing, and an existing transitional housing program for adult men. Through these programs, RCO provides housing-focused case management, individualized goal planning, employment assistance, benefits coordination, life-skills education, behavioral health referrals, recovery support, transportation, and assistance locating permanent housing.

The H2H Transitional Housing project will build upon this experience by establishing an individualized plan for each participant upon enrollment. The plan will identify barriers related to housing, income, employment, health, recovery, and independent living. Progress will be reviewed regularly, and permanent housing planning will begin at enrollment rather than near the end of the participant's stay. Each participant will be assisted in exiting to an appropriate permanent housing destination within 24 months, with earlier transition encouraged whenever the participant is prepared and suitable housing is available.

1b. The applicant has previously operated or currently operates transitional housing or another homelessness project, or has a plan in place to ensure that at least 50 percent of participants exit to a positive destination within 24 months and at least 50 percent of participants exit with employment income as reflected in HMIS or another data system used by the applicant.

RCO will implement a performance plan designed to ensure that at least 50 percent of participants exit to a positive permanent housing destination within 24 months and at least 50 percent exit with employment income. At enrollment, each participant will receive a comprehensive assessment and an individualized service plan that includes measurable housing, employment, income, health, recovery, and financial-stability goals.

Participants who are able to work will receive employment-readiness assistance, including help with identification documents, résumés, job searches, applications, interview preparation, transportation, training opportunities, and job retention. Participants will also receive housing search assistance, budgeting education, credit and rental-barrier counseling, landlord engagement, and assistance identifying affordable permanent housing.

RCO will monitor enrollment, service participation, earned income, benefits, housing progress, and exit destinations through HMIS and internal program records. Outcomes will be reviewed regularly so staff can identify participants who are not progressing, modify service strategies, and address barriers before they prevent a successful exit.

1c. Demonstrate that the project will provide and/or partner with other organizations to provide eligible supportive services that are necessary to assist program participants to obtain and maintain housing (i.e., case management, behavioral healthcare, employment training, etc.)

RCO will provide and coordinate supportive services necessary for participants to obtain and maintain permanent housing. RCO will directly provide assessment of service needs, case management, housing planning, employment assistance, life-skills education, food, transportation, recovery-support activities, benefits coordination, and referrals to community resources.

Through partnerships and referrals, participants will have access to behavioral health counseling, substance-use treatment, outpatient healthcare, legal assistance, educational and vocational programs, Social Security disability assistance, and other specialized services that RCO does not provide directly. Case managers will coordinate services across providers, monitor participation and progress, and help participants resolve barriers such as missing identification, insufficient income, prior evictions, criminal histories, health conditions, transportation limitations, and limited independent-living skills. Services will be individualized according to each participant's assessed needs and incorporated into the participant's written service plan.

2. How will this project be supplemented with resources from other public or private sources, that may include mainstream health, social, and employment programs such as Medicare, Medicaid, SSI, and SNAP.

The H2H Transitional Housing project will be supplemented by public and private resources that extend the services available through the CoC award. RCO will use eligible unrestricted organizational resources, private donations, fundraising revenue, donated goods, volunteer support, and community partnerships to help provide meals, clothing, household supplies, transportation, life-skills activities, and other participant needs not fully covered by the grant.

Case managers will assess each participant's eligibility for mainstream resources and assist with applications, documentation, renewals, and connection to appropriate agencies. These resources may include Medicaid, Medicare, SNAP, SSI, SSDI, unemployment benefits, veteran's benefits, workforce-development programs, behavioral healthcare, primary healthcare, food assistance, transportation, and other state or local services. RCO will also coordinate with landlords, healthcare providers, behavioral health organizations, employment and training providers, and other community agencies to support participants' progress toward permanent housing and self-sufficiency.

3. TH Service Requirements

3a. How will this projects assess the service needs of program participants?

Each participant will receive a comprehensive assessment at enrollment to identify strengths, needs, barriers, risks, and available resources. The assessment will address housing history, income, employment, education, physical and behavioral health, substance use and recovery needs, benefits, transportation, legal concerns, independent-living skills, social supports, and barriers to obtaining permanent housing.

Assessment findings will be used to develop an individualized service and housing-stability plan with measurable goals, assigned responsibilities, service frequency, and target completion dates. Needs will be reassessed through regular case-management meetings and formal plan reviews. When a participant's circumstances or goals change, the service plan will be updated to reflect the services and interventions needed to support a successful transition to permanent housing.

3b. Describe how this project will provide individualized services for program participants during their time in Transitional Housing that will result in at least 20 hours per week of engagement in services, activities or employment for all program participants, except for a program participant over age 62 or who is an individual with handicaps as defined in 24 CFR 8.3 or a with a developmental disability as defined under 24 CFR 578.3?

(examples of services or activities include case management, counseling, treatment, volunteering, work therapy, education, job training, community-building activities, etc.) Employment may contribute to the 20 hours per week of engagement. The project description provided here does not constitute a reporting or documentation requirement.

Each participant who is not exempt under the applicable age or disability provisions will complete at least 20 hours per week of documented engagement in employment, services, or approved program activities. The required hours will be individualized and may include paid employment, job searching, employment training, education, case-management meetings, behavioral health counseling, substance-use treatment or recovery programming, life-skills education, financial-literacy activities, housing search, benefits appointments, volunteering, work therapy, and community-building activities.

At the beginning of each week, the participant and case manager will identify the activities that will count toward the engagement requirement. Employment schedules, attendance records, appointment verification, training records, activity logs, or provider confirmation will be used to track participation. Case managers will review engagement weekly, address barriers such as transportation or scheduling conflicts, and adjust activities when necessary. Participants over age 62 or meeting the specified disability exceptions will receive an individualized level of engagement consistent with their needs, abilities, service plan, and housing goals.

4. Indicate that the proposed project will create service plans for each program participant that include the services to be provided, when and how often services will be provided, by whom all services will be provided. Select the checkbox that your project will follow these requirements.
