

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD.gov at https://www.hud.gov/program_offices/comm_planning/coc.
- Questions regarding the FY 2026 CoC Program Competition process must be submitted to CoCNOFO@hud.gov.
- Questions related to e-snaps functionality (e.g., password lockout, access to user's application account, updating Applicant Profile) must be submitted to e-snaps@hud.gov.
- Project applicants are required to have a Unique Entity Identifier (UEI) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2026 Continuum of Care (CoC) Program Competition. For more information see FY 2026 CoC Program Competition NOFO.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2026 CoC Program NOFO and the FY 2026 General Section NOFO.
- Detailed instructions and e-snaps navigation guides can be found on the hud.gov website https://www.hud.gov/program_offices/comm_planning/coc/competition. The Detailed Instructions contain more comprehensive instructions and so should be used in tandem with the navigational guides.
- New projects may only be submitted as either Reallocated, Bonus Projects, Reallocated + Bonus, DV Bonus or DV Reallocation. These funding methods are determined in collaboration with local CoC and it is critical that applicants indicate the correct funding method. Project applicants must communicate with their CoC to make sure that the CoC submissions reflect the same funding method. Please review the NOFO for eligibility standards.
- YHDP projects that are eligible for renewal under the CoC program may only use the YHDP Renewal or YHDP Replacement and Reallocation funding opportunities. Please review the NOFO for eligibility standards.
- Before completing the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps, particularly the Authorized Representative and Alternate Representative forms as HUD uses this information to contact you if additional information is required (e.g., allowable technical deficiency).
- HUD reserves the right to reduce or reject any new project that fails to adhere to 24 CFR part 578 and application requirements set forth in FY 2026 CoC Program Competition NOFO.

Restoration Community Outreach has extensive experience administering federally funded homelessness programs, including HUD Continuum of Care, Emergency Solutions Grant, and Department of Veterans Affairs-funded activities. RCO currently operates emergency shelter, permanent supportive housing, transitional housing, veterans housing, case management, and housing-stabilization services for individuals experiencing homelessness. Through these programs, RCO has experience with participant eligibility, coordinated referrals, intake and assessment, individualized service planning, supportive services, employment assistance, recovery support, transportation, housing navigation, financial documentation, reimbursement requests, performance reporting, and compliance monitoring. This experience directly supports the proposed eight-unit transitional housing project, which will provide single-occupancy housing and structured services designed to help participants increase income, strengthen stability, and exit to permanent housing within 24 months.

2. Describe your organization's (and subrecipient(s) if applicable) experience in leveraging Federal, State, local and private sector funds.

RCO has experience combining federal, local, private, and unrestricted organizational resources to support housing and services for people experiencing homelessness. RCO also works with behavioral health providers, healthcare organizations, employment and training programs, transportation providers, landlords, food-assistance programs, and other nonprofit agencies. The Executive Director, accountant, and treasurer have authorized access to online banking. Bank activity is reviewed against receipts, invoices, payroll records, approved requests, and grant budgets. Expenditures are assigned to the appropriate funding source and tracked to prevent duplicate payment or reimbursement. Financial reports are reviewed by organizational leadership and presented to the Board of Directors for oversight. 3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

Restoration Community Outreach's Transitional Housing FY 2026 project will provide eight single-occupancy transitional housing units for adult men experiencing homelessness. The project will combine safe, stable temporary housing with individualized case management and structured supportive services designed to help participants increase income, strengthen self-sufficiency, address barriers to housing, and transition to permanent housing within 24 months.

Each participant will complete a comprehensive assessment and individualized service plan addressing housing, employment, income, physical and behavioral health, substance-use recovery needs, benefits, transportation, financial stability, and independent-living skills. Services will include regular case management, employment assistance, life-skills and financial-literacy education, housing search and counseling, transportation, benefits coordination, recovery and behavioral-health referrals, and connection to community resources. Participants who are able to work will be supported in obtaining and maintaining employment and increasing earned income.

Permanent housing planning will begin at enrollment rather than near the end of the participant's stay. RCO will coordinate referrals through the Saginaw City and County Continuum of Care's Coordinated Entry process and work with landlords, behavioral health providers, workforce programs, healthcare providers, and other community partners. The project's goal is to help participants exit homelessness with greater financial stability, stronger independent-living skills, and a sustainable permanent housing plan.

2. For each primary project location, or structure, enter the number of days from the execution of the grant agreement that each of the following milestones will occur if this project is selected for conditional award.

4A. Supportive Services for Participants

1a. What prior experience does the applicant have operating transitional housing or other projects that have successfully helped homeless individuals and families exit homelessness within 24 months or has a plan in place to ensure homeless individuals and families will exit homelessness within 24 months?

Restoration Community Outreach has experience operating transitional housing and other homelessness programs that assist individuals in moving from homelessness toward permanent housing and greater self-sufficiency. RCO currently provides emergency shelter, transitional housing, permanent supportive housing, veterans services, case management, housing navigation, employment assistance, transportation, and supportive services to individuals experiencing homelessness.

The redesigned Transitional Housing project will use this experience to establish a structured pathway from enrollment to permanent housing. Each participant will receive an individualized service and housing plan beginning at intake, with goals related to housing, employment, income, health and wellness, financial stability, and independent living. Progress will be reviewed regularly, and permanent housing planning will begin at enrollment rather than at the end of the participant's stay. Participants will be assisted in exiting to an appropriate permanent housing destination within 24 months, with earlier transition encouraged whenever the participant is prepared and sustainable housing is available.

1b. The applicant has previously operated or currently operates transitional housing or another homelessness project, or has a plan in place to ensure that at least 50 percent of participants exit to a positive destination within 24 months and at least 50 percent of participants exit with employment income as reflected in HMIS or another data system used by the applicant.

RCO will implement a performance-focused service model designed to achieve positive housing exits for at least 50 percent of participants within 24 months and employment income at exit for at least 50 percent of participants. At enrollment, participants will complete an assessment and individualized service plan that establishes measurable goals for housing, employment, income, health, recovery, financial stability, and independent living.

Participants who are able to work will receive employment-readiness assistance, job-search support, résumé and application assistance, interview preparation, training referrals, transportation, and employment-retention support. Housing planning will include rental-barrier assessment, budgeting, housing searches, landlord communication, application assistance, and preparation for independent tenancy.

RCO will monitor employment, income, service participation, housing progress, and exit destinations through HMIS and internal program records. Progress will be reviewed regularly so staff can identify barriers early, modify service strategies, and provide additional support when a participant is not progressing toward employment or permanent housing.

1c. Demonstrate that the project will provide and/or partner with other organizations to provide eligible supportive services that are necessary to assist program participants to obtain and maintain housing (i.e., case management, behavioral healthcare, employment training, etc.)

RCO will directly provide case management, service-needs assessment, housing planning, employment assistance, life-skills education, financial literacy, food, transportation, benefits coordination, and referrals to community resources. Participants will also be connected to partner and community providers for behavioral healthcare, substance-use treatment, outpatient healthcare, legal services, vocational training, and other specialized services that RCO does not provide directly.

Case managers will coordinate services across providers and maintain regular contact with participants to monitor progress and address barriers such as insufficient income, prior evictions, criminal histories, behavioral health needs, substance-use concerns, transportation limitations, missing identification, and limited independent-living skills. Services will be individualized and incorporated into each participant's written service plan with the goal of achieving sustainable permanent housing.

2. How will this project be supplemented with resources from other public or private sources, that may include mainstream health, social, and employment programs such as Medicare, Medicaid, SSI, and SNAP.

The Transitional Housing project will be supplemented through public benefits, community partnerships, unrestricted organizational resources, private donations, fundraising revenue, donated goods, and volunteer support. Case managers will assess participant eligibility for mainstream resources and assist with applications, documentation, and renewals for programs such as Medicaid, Medicare, SNAP, SSI, SSDI, veterans benefits, unemployment benefits, and other state and local assistance.

RCO will also coordinate with workforce-development programs, healthcare and behavioral health providers, substance-use treatment agencies, transportation providers, landlords, food and clothing resources, and other nonprofit and community organizations. These resources will supplement the CoC award and expand the services available to participants without duplicating grant-funded costs.

3. TH Service Requirements

3a. How will this projects assess the service needs of program participants?

Each participant will receive a comprehensive assessment at enrollment to identify strengths, needs, barriers, and available resources. The assessment will address housing history, income, employment, education, physical and behavioral health, substance-use and recovery needs, benefits, transportation, legal concerns, financial stability, independent-living skills, and barriers to obtaining permanent housing.

Assessment results will be used to develop an individualized service plan containing measurable goals, services to be provided, responsible providers, service frequency, strategies for achieving goals, and target completion dates. Needs will be reassessed through regular case-management meetings and formal service-plan reviews, and the plan will be updated when circumstances or goals change.

3b. Describe how this project will provide individualized services for program participants during their time in Transitional Housing that will result in at least 20 hours per week of engagement in services, activities or employment for all program participants, except for a program participant over age 62 or who is an individual with handicaps as defined in 24 CFR 8.3 or a with a developmental disability as defined under 24 CFR 578.3?

(examples of services or activities include case management, counseling, treatment, volunteering, work therapy, education, job training, community-building activities, etc.) Employment may contribute to the 20 hours per week of engagement. The project description provided here does not constitute a reporting or documentation requirement.

Each participant who is not exempt under the applicable age or disability provisions will participate in at least 20 hours per week of individualized employment, services, or approved program activities. Engagement may include paid employment, job searching, employment training, education, case-management meetings, behavioral health counseling, substance-use treatment or recovery activities, life-skills education, financial-literacy activities, housing search, benefits appointments, volunteering, work therapy, and community-building activities.

The participant and case manager will identify activities that support the participant's individualized goals and contribute toward the weekly engagement expectation. Employment hours may count toward the requirement. Staff will regularly review participation and address barriers such as transportation, scheduling, health needs, or lack of appropriate opportunities. Participants who qualify for an exemption based on age or disability will receive an individualized level of services and engagement consistent with their abilities, needs, and housing goals.
